From: CT Construction Career Day Program Committee  
Re: Cancellation of the 2009 CT Construction Career Days Program

We extend our sincere gratitude to you for many years of participation and appreciation for the annual Connecticut Construction Career Days Program. Unfortunately, due to the current economic recession in the U.S. economy and the resulting cost-saving measures already underway throughout the construction industry, the Program Committee has determined the need to cancel the 2009 event.

At this time, the Committee has decided to begin working on reorganizing the event to better present the industry's many career choices in 2010.

We thank you for your support and understanding as we continue to make decisions in the best interest of our industry, and those who participate in our program. We look forward to once again hosting an improved version of this important event in future years to come, once economic factors allow.
